## DRIVES BY ALLIES AND RUSSIANS GROW DAILY

In a Series of Desperate Attacks Made During Last Night the French Made Gains at Several Points—Several Hundred Germans Were Taken Prisoners—The British Made Gains Only to Be Hurlled Back by the Germans. The Austrian Statement Acknowledges the Withdrawal of Teutonic Forces on the Eastern Front While Berlin Contends the Russians Were Driven Back With Heavy Losses.

(By Associated Press)

London, July 8.—The French made a further advance last night on the Somme front near Belleu, Santerre and Estress, the Paris war office announced today. Although the gains in this sector were not large on account of bad weather, several hundred Germans were captured. News received today in Berlin from the western front throws little light on the operations during the past twenty-four hours, but the advices show the fighting was most intense at Theval, and around Hem and in a region eight to ten miles south of Somme. The British, according to Berlin's reports, succeeded in getting a foothold several times in Theval only to be ejected from the ruins of the village, and the losses were "extraordinarily heavy."

The Russian advances in the Czartorysk region in which the attacking Germans were thrown back yesterday, has been pushed further according to Petrograd. The villages of Dolzya

and Cruziatyn were captured.

The German troops on both sides of the Somme were repulsed with heavy losses in the attacks by the British and French, the Berlin war office announced today.

Heavy attacks by the Russians against the German troops of Prince Leopold in the Paronovichi region were repulsed with a loss of a thousand dead, according to the Berlin statement. The Russian assaults in the northwest of Suezacz in Galicia were also fruitless and in Volhynia the Germans gained an advantage.

Acknowledge Withdrawal.

(By Associated Press.)

Berlin, July 8.—The withdrawal of the Teutonic lines along Benc and the Styr River in Volhynia where the advanced positions were exposed to the superior Russian forces was announced in yesterday's Austrian official statement received here today.
